

FOOD SERVICE GUIDELINES

Lemonade Stand Food Service Guidelines

Diligent efforts to avoid contamination of food and drinks must be made in the handling and serving of food. The following rules have been established toward the goal of protecting public health and running a successful lemonade stand.

Do I need an application?

This application for food permit only applies if you will be selling hot food made on site, ie: hamburgers, BBQ, wraps, etc.

The permit is not needed if you are planning to sell pre-packaged foods like chips, or home baked goods like cookies or brownies.

Permit forms will also available at the Lemonade Day events.
